

Keep Your Hands Clean & Healthy - Avoid the risk of skin problems

Improve skin care by following the easy-to-use three step system:

PROTECT

SWARFEGA PROTECT

Apply to clean, dry skin before each work period and after washing hands.

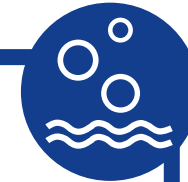

Makes hands easier to clean. Protects against water and non-water based contaminants, such as: engine oils, detergents, grease, paints and inks, dilute acids and alkalis.

Method of use:

Apply one dose to back of hands first. Rub hands back to back and then palm to palm, interlocking fingers and including around the finger nails.

Swarfega® Protect

CLEANSE

SWARFEGA PAINT PRO

Use at the end of each work period, prior to breaks, and before and after visiting the toilet.

Specialist hand cleanser combining dibasic ester and natural cornmeal hand scrub to remove paints, adhesives and most other paint and bodyshop soilings.

Method of use:

Apply to dry hands. Rub in well to loosen all soilings. Rinse well with clean running water. Wipe dry with disposable paper hand towel.

Swarfega® Paint Pro

RESTORE

SWARFEGA RESTORE

Apply at the end of each work period.

Moisturises skin to help maintain healthy skin and avoid dryness.

Method of use:

Dispense one dose on to back of hand first and rub hands back to back, then palm to palm.

Swarfega® Restore
